Re: News on Bargaining #2 – Bargaining for a New Collective Agreement Continues

As members will know, the current Collective Agreement between the BCGEU and Maximus Health Benefits Operations Inc. expires on March 31st.

Your Bargaining Committee has met with the Employer's representatives every day this week and can report that significant progress has been made in achieving a renewed Collective Agreement.

The Parties will meet again on Friday. Your Committee will report out further as bargaining continues.

In solidarity
